## THE STORY OF REVOLUTION

STRiDA: The Innovative Folding Bicycle by Mark Sanders

### ■ The Inspiration Behind STRiDA

STRiDA was developed in the 1980s by British designer Mark Sanders, known for its revolutionary folding bicycle design. The development was driven by a clear vision: to create the ideal folding bicycle for urban commuting.

### ■ The Beginning of Development

While studying industrial design at the Royal College of Art (RCA), Mark Sanders became interested in bicycle design. At the time, existing folding bicycles were compact when stored, but they were often inconvenient to fold, difficult to carry, or had poor riding performance. He envisioned a new concept: a lightweight bicycle that could be easily folded and conveniently carried.

### ■ Unique Triangular Frame Structure

The most distinctive feature of STRiDA is its triangular frame design, which sets it apart from conventional bicycles. This design offers several advantages:

- It can be folded quickly, in about three seconds.
- When folded, it can be rolled like a caster.
- It is lightweight and easy to carry.

STRiDA also uses a belt drive instead of a traditional chain, which reduces maintenance and prevents clothing from getting dirty.

### ■ Commercialization and Market Expansion

When the first STRiDA was introduced in 1987, its unique design and functionality gained recognition, making it a new mobility option for urban environments. Over the years, improvements led to new models such as STRiDA 2, STRiDA 3, STRiDA 5, and the latest model, STRiDA EVO. STRiDA has gained popularity, especially in urban areas across Europe and Asia. In Japan, it is well-regarded as a stylish folding bicycle that combines design and practicality.

### ■ The Present and Future of STRiDA

STRiDA continues to evolve, incorporating new materials, further reducing weight, and enhancing comfort. As an eco-friendly means of transportation, it is also gaining attention as part of sustainable urban mobility solutions.

The story of STRiDA is not just about designing a folding bicycle—it is a history of innovation aimed at transforming urban lifestyles.

## CONTENTS

Since 1987, STRiDA has been constantly evolving. Its unique design makes it a true pioneer in urban mobility.

STRiDA ACCESSORIES

# STRiDA SX

MATTE BLACK

RED

The STRiDA SX is an evolved model in the STRiDA folding bike lineup, designed for a smoother ride than previous versions. It was developed with a clear concept in mind to retain STRiDA's iconic design while enhancing comfort for longer rides.

<b>Frame</b>	: ALLOY 7005
<b>Gears</b>	: Single speed
<b>Tire</b>	: 18" x 1.25 (A / V)
<b>Brake</b>	: Mechanical disc brake
<b>Wheel</b>	: 18-inch spoked wheel
<b>Rack</b>	: Aluminum (MAX 10kg)

<b>Weight</b>	: 11.2 kg
<b>Accessories</b>	: Frame pad, Kick stand, Fender
<b>Folding size</b>	: H 720 x W 1150 x D 360mm

# STRiDA 5.0

MATTE BLACK

ENGLISH GREEN

The STRiDA 5.0 is one of the most advanced models in the STRiDA folding bike series. Designed with a focus on lightweight construction, enhanced durability, and a smoother ride, it represents a refined evolution of STRiDA's design philosophy. The STRiDA 5.0 is an updated model that features stronger spoke wheels compared to the LT.

<b>Frame</b>	: ALLOY 7005
<b>Gears</b>	: Single speed
<b>Tire</b>	: 16" x 1.5 (A / V)
<b>Brake</b>	: Mechanical disc brake
<b>Wheel</b>	: 16-inch spoked wheel
<b>Rack</b>	: Aluminum (MAX 10kg)

<b>Weight</b>	: 10.3 kg
<b>Accessories</b>	: Frame pad, Fender
<b>Folding size</b>	: H 720 x W 1130 x D 360 mm

# STRiDA LT

BLACK

The STRiDA LT was developed as an entry-level model in the STRiDA series. While maintaining key features such as convenient folding, a lightweight design, and a maintenance-free belt drive, it offers the same ease of use and practicality that define the STRiDA brand.

<b>Frame</b>	: ALLOY 7005
<b>Gears</b>	: Single speed
<b>Tire</b>	: 16" x 1.5 (A / V)
<b>Brake</b>	: Mechanical disc brake

## THE STORY OF INNOVATION

### STRIDA rabbit® – A New Era of Folding Bicycles

In the spring of 2025, STRIDA unveiled the STRIDA rabbit series, marking a new chapter in folding bicycle innovation. Since 1987, STRIDA has been loved by many for its unique triangular frame design. Now, in response to evolving lifestyles, STRIDA rabbit embodies a bold step forward for the next generation of urban mobility.

#### The Inspiration Behind STRIDA rabbit

For decades, STRIDA has remained committed to its distinctive triangular frame. However, as urban transportation diversifies, there is an increasing demand for more flexible and practical models. STRIDA rabbit was created to meet these changing needs, offering a folding bicycle optimized for everyday use.

#### Customizable Design

STRIDA rabbit allows riders to personalize their bike with specially developed original parts and accessories, making each unit truly unique.

### A Design True to STRIDA's DNA

- **Belt Drive System:** Like the original STRIDA, the C3 and C5 models use a belt drive instead of a chain, reducing maintenance and keeping clothes clean.

- **Single-Sided Front Fork:** Retaining STRIDA's iconic design, this feature enhances both style and functionality.

#### Two Folding Modes

- **Standard Mode:** Folds in approximately 12 seconds for instant convenience.

- **Compact Mode:** Folds within 20 seconds for a more space-saving form.

#### Caster Stand for Easy Transport

An original caster stand allows the bike to be rolled after folding, enhancing portability and convenience.

### The Future of STRIDA rabbit

As urban mobility continues to evolve, so will STRIDA rabbit. With continuous innovation, it aims to be more than just a bicycle—a timeless, beloved folding bike that enhances everyday movement.

rabbit T8

MATTE BLACK

STRIDA rabbit T8 is a luxury model featuring an 8-speed internal gear system. The belt drive ensures smooth riding with minimal maintenance. It also comes standard with a dedicated AirTag mount and original front and rear lights. The rear fender is designed for compact storage when folding the bike.

Frame	: ALLOY 6061	Accessories :	Original
Gears	: Shimano Nexus INTER-8 (8-speed internal gear hub)		Front / Tail lights Caster Stand
Tire	: 18-inch / 1.5(F/V)	FOLDING 1	: H 670 x W 1110 x D 460 mm
Brake	: Mechanical disc brake	FOLDING 2	: H 670 x W 965 x D 460 mm
Weight	: 13.7kg		

# rabbit T8 e-power

STRIDA rabbit T8 e-Power is a luxury model featuring an 8-speed internal gear system. As an electric-assist bicycle, it is equipped with a 24V 7Ah 168Wh battery, offering an average range of approximately 20 km. The belt drive ensures smooth riding with minimal maintenance. Additionally, it comes standard with a dedicated AirTag mount and original front and rear lights. The rear fender is designed to be compactly stored when folding the bike.

Frame	: ALLOY 6061
Gears	: Shimano Nexus INTER-8 (8-speed internal gear hub)
Battery	: 24V 7Ah 168Wh
Average riding range	Approximately 20 km when riding on flat terrain
Tire	: 18-inch / 1.5(F/V)
Brake	: Mechanical disc brake
Weight	:16.5kg

Accessories :	<div>Original</div>
	Front / Tail lights Caster Stand
FOLDING 1	: H 670 x W 1110 x D 460 mm
FOLDING 2	: H 670 x W 965 x D 460 mm

rabbit 9S

The STRIDA rabbit 9S is a sporty model with a 9-speed, an AirTag mount, and optional front and rear lights. It also features a torque sensor, allowing easy conversion to an electric-assist bike with optional components. Fully customizable, it offers performance and convenience for every riders.

Frame	: ALLOY 6061
Gears	: Shimano SORA 9 speeds
Tire	: 18-inch / 1.75(F/V)
Brake	: Mechanical disc brake
Weight	: 12.2kg

Accessories :	<div>Original</div>
	Front / Tail lights Caster Stand
FOLDING 1	: H 670 x W 1110 x D 460 mm
FOLDING 2	: H 670 x W 965 x D 460 mm

# rabbit 9S e-power

MATTE BLACK

The STRIDA rabbit 9S e-Power is a sports model featuring a 9-speed external gear system. It comes with a dedicated AirTag mount and original front and rear lights as standard. The rear fender is designed to be compactly stored when folding the bike.

Frame	: ALLOY 6061	Accessories :	Original
Gears	: Shimano SORA 9 speeds		Front / Tail lights
Battery	: 24V 7Ah 168Wh		Caster Stand
